

WHAT HAPPENS NEXT?

April 27, 2010

Re: **ARCHITECTURAL & ENGINEERING SERVICES**

Thank you for your interest in and submission of your proposal for Architectural and Engineering services for the Town of Fenwick Island's Public Safety Building. Your participation adds value to the process.

Over the next month, the committee will review the proposals. All proposals are open to review by the public by coming to Town Hall. The review process, however, will be in Executive Session. This choice is by way of advice from the Town Solicitor. The reason is that qualifications (as discussed by the committee) are an integral part of the upcoming step of fee negotiation.

Your firm may be contacted for an interview if your proposal was rated among the top three submittals.

If your firm is not contacted in six weeks, you may assume that another firm has been selected.

A copy of your proposal will be archived at Town Hall for three years, for reference.

Again, thank you for your interest.

Sincerely,

Win Abbott
Town Manager
